Whakaata Māori is pleased to present our Reo Māori language template, to be added into the full proposal stage of upcoming funding rounds, additional to language plan requirements of Te Māngai Pāho. The template was developed based on *Te Huapae*, Māori Television's outcomes framework. The purpose of this template is to highlight how the proposed content and the production team contributes to the life and vitality of te reo Māori me ngā tikanga Māori.

The content in the template is no different from the information that was shared at the *Hui Kōkiri Kaupapa* held at the beginning of this month. There are three sections with our three pou, which are **Tuakiri**, **Tupu** and **Tuku** with points for each section for you to elaborate on.

If you have any questions, please contact our Commissioning team directly or email [content.coordinator@maoritelevision.com](mailto:content.coordinator@maoritelevision.com) .
